EDUCATION

2013-2016	**Reykjavík University**

B.Sc. Computer Science

In my second and third year I was a teaching assistant in the courses *Programming T-111-PROG* and *Problem Solving T-114-VERK* both thought in C++. For my final project I did an internship at Fraunhofer CESE in Maryland, USA for six months where I worked on various research projects.

2008-2012	**Commercial College of Iceland**

Martuculation Examination

Specialization in economics. Extra-curricular activities included: Chairman of the school radio station.

WORK EXPERIENCE

2018-	**Consultant**

Sigma

Currently working for Sigma Embedded Engineering as a consultant at Volvo Group. Here at Volvo I have mostly been working on a system that handles automation flow of testing and verifying hardware and hardware interaction. The system is written in .Net Before that I was a consultant for Sigma IT R&D at Toyota Logistic Solutions in Gothenburg. There I was working on a system to optimze transport for self driving vehicles. The system is written in .Net and the client is implemented in AngularJS.

2018	**Software Developer**

QRTECH

Worked at QRTECH in Gothenburg, Sweden for eight months as a developer. There I worked on an automotive research project. The research is about self driving cars trying to find out if there is a possibility using less expensive hardware components for self driving cars and more complex software. This project is written in C++ and uses OpenCV.

2016-2018	**Software Developer**

LS Retail

At LS Retail I worked as a .NET developer. I worked on various projects there, the two that I put the most time on where developing a Web POS (*point of sale system*) and an external service for connecting hardware to a web applications. Both of these products where released for the first time while I was working there.

COMPUTER SKILLS

Languages	C#, Python, C/C++, Java, SQL, JavaScript, Bash
Others	LaTeX, Linux, HTML, CSS, OpenCV, SignalR, Dynamics NAV, Visual Studio

LANGUAGE

Spoken Languages	Icelandic, English, Swedish

OTHER INFORMATION

I was a member of the Icelandic national table tennis team for three years. The winter 2012-2013 I lived in Åsa, Sweden and played for Åsa IF table tennis club. I have also played for Horreds BTK in Sweden and Molde BTK in Norway.
